Profile Summary

I am a private sector development professional with more than 17 years of experience in different national and international NGOs in project management, designing, budgeting, planning, research, monitoring and evaluation, results-based reporting in donor-funded activities. This includes 13 years in the education sector with particular focus on technical and vocational education and training as well as higher secondary education in Bangladesh and Nepal projects or BRAC, KOCIA, Swisscontact, ILO and Chemonics International Inc. Developed and managed M&E systems including designing guidelines, results frameworks, toolkits, and theory of change and database management system, donor and government reporting, staff capacity building for donor-funded projects. Experienced in leading and managing project evaluations (both nationally and internationally), evaluability assessments, impact assessments, baseline studies, needs assessment studies, tracer studies and assessments within multiple sectors including education, environment, public health, gender, DRR and market systems.

I am also experienced in planning, designing and facilitating stakeholder review workshops (internal and external), office re-treat programs, day observations and seasonal celebrations, etc. Strong communication and coordination skills, specifically experienced in building capacity of colleagues and stakeholders in data collection and analysis to ensure data quality and accuracy. Trained in leadership, project management, project evaluation, monitoring and results measurement, facilitation, database management, Team player, doer, proactive, accommodative and friendly. Fluent English and Bengali.

Work Experience

Monitoring, Evaluation and Learning (MEL) - Director at USAID's Higher Secondary Education Activity (HSEA), CH

Location: Dhaka, Bangladesh

Responsibilities: As one of the key senior management officials of the project, contributed to planning and designing intervention implementation, staff capacity development, government reporting and facilitation of strategic committee meetings; oversee HSEA's MEL and research interventions, including operation research, complexity-aware monitoring, and indicator reporting. Led HSEA's MEL plan design and management, Supervised the MEL manager and Research specialist; developed and maintained

HSEA's data collection systems for the training of 60000 teachers, 6000 principals from 3000 colleges; regional education officers. Together with the team, developed MEL approaches and tools; reviewed and prepared evaluation and research plans; provided quality control and oversight to ensure data collection and analysis. Produced high-quality information and evidence on inputs, outputs, outcomes, and impact in formats tailored to diverse user groups for maximum dissemination, learning, and uptake. Provided guidance and support to colleagues to gather and analyze partner data and feedback, discuss MEL data improvement plans, and suggest MEL process improvements. Worked closely with the senior management team of the project to support collaborative-learning-adaptation, adaptive management, and efficient implementation. Led the planning, designing and facilitation of annual planning workshops with the stakeholders.

Coordinated preparation, presentation and submission of Annual Work Plan for USAID and Ministry of Education. Led preparation of Activity Monitoring and Evaluation Plan (AMELP) for USAID and conducted workshops (internal and with USAID and Ministry) in this regard. Coordinated preparation and submission of annual and quarterly performance reports to USAID. Planned facilitated periodic pause and reflect session with stakeholders and activate action plan.
