Profile Summary

I am a Senior Machine Learning Engineer with over three years of hands-on experience developing and deploying ML solutions across fintech, AI training, and data analytics domains. Skilled in Python, SQL, and C++, I specialize in data preprocessing, feature engineering, model training, and evaluation. My work bridges real-time problem solving with production-level model deployment.

Work Experience

Machine Learning Engineer at BGI Ethiopia (2021-04-01 - 2022-04-15)

Location: Ethiopia

Responsibilities: Extract data on spreadsheet and drive analysis.

Visualize and interpret the profit and loss of sales.
